Keys: Key West – Key Largo (332 - 319).

Key West is een plaats en een eiland in de Amerikaanse staat Florida, en valt bestuurlijk gezien onder Monroe County.

Voor de tijd van Columbus was de plaats bewoond door de indianenstam Calusa. In 1521 bracht de eerste Europeaan, Juan Ponce de León, een bezoek aan het gebied. Toen Florida een Spaanse kolonie werd ontstond er een volwaardige stad (Cayo Hueso).

De beroemde schrijvers Ernest Hemingway en Tennessee Williams waren inwoners van Key West.

Everglades National Park is een natuurgebied in het zuidwesten van de staat Florida in de VS. Het park werd in 1979 door UNESCO op de Werelderfgoedlijst geplaatst. In 2010 werd het gebied tot bedreigd werelderfgoed verklaard.

Dit kwetsbare en complexe ecosysteem combineert een brede ondiepe rivier met een subtropisch klimaat en een verscheidenheid aan flora en fauna. Het herbergt zeldzame en bedreigde diersoorten zoals de Amerikaanse krokodil en de Floridapanter. Het natuurgebied (6106 km²) wordt bepaald door afwisselende perioden van droogte en overstroming, branden, zonneschijn en hevige regenval.

Het wordt ook een rivier van gras met kleine eilandjes van bomen genoemd. Seminole- en Miccosukee-Indianen leven in dit gebied.

Ride bikes along Wildlife Drive in the heart of the J.N. “Ding” Darling National Wildlife Refuge. Tarpon Bay Explorers is the closest rental facility to the Wildlife Refuge with no intersections to cross. Bikers may also bike to any destination on Sanibel including the lighthouse, Bailey Tract or Bowman’s Beach! All bikes are single-speed beach cruisers with a basket on the front. Children’s bikes, trail-a-bikes, baby buggies & baby seats are available. Rentals are available starting at 8 am and are due back 15 minutes prior to shop closing.

Sanibel was once the mosquito capital of the world. Before mosquito control methods were introduced, one acre on Sanibel was estimated to hold 2 billion mosquitos! Wildlife Drive was created for the purpose of mosquito control to manipulate water levels during mosquito breeding season. Nowadays, mosquitos are not as populous and Wildlife Drive is a phenomenal place for visitors to come and experience vast amounts of wading birds, fish and reptiles.

The Universal Orlando Resort, commonly known as Universal Orlando, is a theme park resort in Orlando, Florida. It is wholly owned by NBCUniversal and its affiliates. Universal Orlando is the second-largest resort in Greater Orlando after Walt Disney World.

Universal Orlando consists of two theme parks (Universal Studios Florida and Islands of Adventure), a night-time entertainment complex (Universal CityWalk Orlando), and five Loews Hotels (Loews Portofino Bay Hotel, Hard Rock Hotel, Loews Royal Pacific Resort, Cabana Bay Beach Resort and Loews Sapphire Falls Resort) as well as a water park, Volcano Bay.

Universal Orlando opened in 1990, as the theme park Universal Studios Florida. It was opened as a joint venture between Universal Entertainment and The Blackstone Group. The park was in direct competition with Disney-MGM Studios (now called Disney's Hollywood Studios).

In 1994, executives started planning the expansion of the resort into a multi-day vacation destination. In late 1995, construction began on a new park, Islands of Adventure. The Islands of Adventure Preview Center opened in May 1997 replacing the Screen Test Home Video Adventure. During this time several new attractions were being built and opened at Universal Studios Florida, including Woody Woodpecker's KidZone, which opened in 1998, Men in Black: Alien Attack and Animal Actors (formerly Animal Planet Live).

On May 28, 1999, Islands of Adventure opened to the general public. It featured six themed "islands", including Seuss Landing, The Lost Continent, Jurassic Park, Toon Lagoon, and Marvel Super Hero Island. The park opened to mediocre attendance, and several attractions were closed shortly thereafter, including Island Skipper Tours, due to lack of attendance.

As of summer 2014, SeaWorld Orlando has been separated into different areas, called "seas". Each with a unique themed element. Starting at the lower center and continuing clockwise they are:

Port of Entry: *The main entrance of the park features a Florida-inspired theme with lush tropical landscaping and a large artificial freshwater marina with a Shamu-themed iconic lighthouse. It is the guests gateway to the many seas of SeaWorld.*

Sea of Shallows: *This area showcases most of the shallow water sea animal exhibits at the park as well as the Dolphin Theater. In addition, the Manta rollercoaster travels through this section and Turtle Trek, a dome theater show also reside here. All of the Key West at SeaWorld area is inside of the Sea of Shallows. It is designed to mimic the appearance of the city of Key West, Florida with architecture and landscaping reminiscent of the area. Animal exhibits in this portion of the park include cownose rays, southern stingrays, green sea turtles, hawksbill sea turtle, loggerhead sea turtle, Atlantic bottlenose dolphins, greater flamingos, West Indian manatees, American alligators, bottlenose dolphins, and brown pelicans. The stingray and dolphin habitats offer opportunities for guests to feed the animals.*

Sea of Legends: *The Sea of Legends is dedicated to the mysterious myths and other tales told about the sea. Journey to Atlantis, a boat ride with roller-coaster elements, bases its story from the legend of the lost city of Atlantis. Next to the gift shop there is an aquarium with animals in an environment made to look like Atlantis. Also found here is Kraken, a floorless roller-coaster where the rider plays the part of the Kraken racing through the ocean.*

Sea of Ice: *Sea of Ice, originally named Antarctica, is themed around the Antarctic continent. Antarctica: Empire of the Penguin is the sole attraction in this area. It is a dark ride where the guests follow a young penguin on a journey home after a harsh storm. The ride exits into the penguin exhibit area*

Sky Tower

Sea of Delight: *Sea of Delight includes a sub-area named The Waterfront, which resembles a seaside Mediterranean village. The majority of the parks restaurants are here as well as many shops. The park's Sky Tower ride is also here, it was integrated into the theme of The Waterfront village when the area opened in 2003. The only land animal show at the park, Pets Ahoy, is located here inside of the Seaport Theater. Outside of the Waterfront is where the Sea Lion and Otter Stadium viewing area stands.*

Sea of Mystery: *The Sea of Mystery is a smaller area compared to the others in the park, with the exception of Antarctica. It houses the shark underwater viewing and the Shark's Underwater Grill, as well as the Nautilus Theater, which used to show the Cirque du Soleil style show A'Lure, but now currently sits empty. It also includes the Sea Garden, a landscaped area with themed trash structures that are made from ocean pollution. Mako, a Bolliger & Mabillard steel hypercoaster will join the area in 2016, while the current shark exhibit and the surrounding area will be renovated to become Shark Wreck Reef.*

Sea of Fun: *Formerly Shamu's Happy Harbor, Sea of Fun, is a children's area hosted by Shamu, the park's orca mascot. The area is located adjacent to Shamu Stadium and features family activities including Shamu Express (a junior rollercoaster), a net climbing structure, and a water play area. Signage here still refers to it as Shamu's Happy Harbor, although management and the map use the updated name.*

Sea of Power: *Sea of Power is host area of the SeaWorld's iconic killer whale shows. The Shamu Stadium is located in the center with the Wild Arctic indoor pavilion nextdoor. Wild Arctic is a combined attraction which includes a motion simulator followed by an indoor animal exhibit hosting beluga whales, Pacific walrus, harbor seals, and formerly polar bears. During the Christmas holiday season, Wild Arctic is transformed into the Polar Express Experience based on the Warner Bros. film of the same name. Guests ride the Polar Express to the North Pole where Santa Claus waits to greet them. Shamu*

Stadium currently hosts "One Ocean" as its main show with "Shamu Celebration: Light up the Night" and "Shamu Christmas Miracles" showing seasonally.
